

Michele Campobasso

PhD in Information Security @ Eindhoven University of Technology

Bologna, Italy +39 340 07 04 237 michele.campobasso3@gmail.com

about me

Computer scientist with an unusual interest for social relations. I am often called optimistic, but I consider myself realistic. I believe that many problems need just a different approach to be solved. I am the kind of guy that wonders 'why' a thing has always been like that, often between 10PM and 3AM.

personal

pronouns: he/him
nationality: Italian

areas of specialization

Threat modeling, emerging threats, underground market investigation, threat quantification, penetration testing

interests

Biking, go-karts, hiking, organizing social events, on-the-road travels, fixing 'broken' electronics, cooking Italian & exotic food, my nerdy YouTube feed

languages

Italian: mother tongue
English: professional proficiency

EDUCATION

2019-2024

Doctorate in Information Security – Specialty in Cybercrime Ecosystem

Thesis title: Understanding and Characterizing the Cybercriminal Ecosystem Enabling Attack Innovation at Scale
Eindhoven University of Technology

2016-2019

Master in Computer Science and Engineering

Thesis title: CARONTE: a Crawler for Adversarial Resources Over Non-Trusted, high-profile Environments
Alma Mater Studiorum - University of Bologna

2011-2016

Bachelor in Computer Engineering

Alma Mater Studiorum - University of Bologna

RESEARCH OVERVIEW & IMPACT

- EXPERTISE IN: **underground forum marketplaces** and their **impact** in the threat landscape [2], **emerging threats** and **threat modeling** [5], underground community infiltration, **stealth** data collection [3], **attacker preferences** and **cyber threat quantification** [1]
- RESEARCH ON EMERGENT THREAT [5] instrumental to **international investigation led by the Dutch National Police & EUROPOL**, leading to hundreds of arrests worldwide & market shutdown in a massive law enforcement operation ([press release](#)).
- CONTRIBUTION ON ACCESS-AS-A-SERVICE [4] was **presented to the U.S. Department of Commerce**; NSO Group was included as a company threatening the US national security ([press release](#)).
- LARGE INDUSTRY & MEDIA ATTENTION ([Troy Hunt](#), [Recorded Future](#) on Genesis Market, local media)
- EXPLOIT PREDICTION SCORING SYSTEM (EPSS) special interest group member and contributor ([link](#)).

WORK EXPERIENCE

2019-2022

Head of lab activities for Offensive Computer Security

ORGANIZING HANDS-ON LAB SESSIONS AND MANAGING 150+ STUDENTS
Eindhoven University of Technology

2019-2024

Supervisor and coordinator of scientific projects at the MSc level

9 GROUPS, 35 STUDENTS OA – THREAT INTEL EXTRACTION, MALWARE ANALYSIS
Eindhoven University of Technology

2019-2023

Analyst of underground cybercriminal markets: infiltration, stealth monitoring, threat modeling, and activity estimation

OBTAINT ACCESS TO SEGREGATED MARKETS; AUTOMATED, STEALTH DATA EXTRACTION WITH TAILORED, CUSTOM CREATED CRAWLERS; EMPIRICAL AND STATISTICAL METHODS, UNDERGROUND INVESTIGATIONS

Eindhoven University of Technology

2019-2024

Doctorate in Information Security - Specialty: Cybercrime Ecosystem

Eindhoven University of Technology

Internship: Junior Web Developer and Beta Tester

GetConnected S.r.l.

Internship: Junior Developer

AltaVia S.r.l.

INVITED TALKS

May 2023

'**Not all cybercrime is boring if you know what to look for**' – UNDERGROUND THREAT SOURCES, CYBER THREAT QUANTIFICATION @ *INTERSCT 2023*, The Hague, NL

"**Do we have an agreement?**": Exploiting Trust Mechanisms in Cybercriminal Underground Markets to Derive Attacker Preferences and Estimate Threat Levels – UNDERGROUND THREAT SOURCES, CYBER THREAT QUANTIFICATION @ *Alma Mater Studiorum - University of Bologna*, Bologna, IT

May 2022

'**Impersonation-as-a-Service: Characterizing the Emerging Criminal Infrastructure for User Impersonation at Scale**' – EMERGING THREATS, THREAT MODELING, CYBER THREAT QUANTIFICATION @ *INTERSCT 2022*, Enschede, NL

Not all threat (actors) are the same: a multidisciplinary take on cybercrime proliferation – EMERGING THREATS, THREAT MODELING @ *Dutch Police Cybercrime Team, Online*

Feb 2021

'**Impersonation-as-a-Service: Characterizing the Emerging Criminal Infrastructure for User Impersonation at Scale**' – EMERGING THREATS, THREAT MODELING @ *ASML, Eindhoven*, NL

'Myth-busting the underground: a journey into the (often un)organized cybercrime' – UNDERGROUND ECOSYSTEM @ *Alma Mater Studiorum - University of Bologna*, Bologna, IT

Nov 2020

Mar 2020

TECHNICAL CYBERSECURITY EXPERIENCE

2019-2022	Head of lab activities for Offensive Computer Security at Eindhoven University of Technology ORGANIZING HANDS-ON LAB SESSIONS AND MANAGING 150+ STUDENTS
2019-2021	Malware analysis and reverse engineering EXPERIENCE WITH GHIDRA & GDB MATURED WITH CTFs AND ACADEMIC RESEARCH
2018-2023	Tool creation for stealth data extraction BROWSER INSTRUMENTATION, HUMAN BEHAVIOR MODELING, DATA PARSING ON THE FLY
2016-2020	HackTheBox CTFs BEST RANKING GLOBALLY ON THE PLATFORM: 187, COMPLETION SCORE OF 76%
2019-2020	HackTheBox write-ups blog CO-AUTHOR OF A BLOG CONTAINING DETAILED WRITE-UPS OF RETIRED BOXES FROM THE PLATFORM HACKTHEBOX
2017-2019	IO NetGarage REVERSE ENGINEERING & BINARY EXPLOITATION. BASIC EXPLOIT CRAFTING SKILLS
2018-2019	Various CTF challenges AS A MEMBER OF THE UNIVERSITY OF BOLOGNA'S HACKING TEAM ULISSELABBO
